MEMORANDUM

TO: All Prequalified Contractors

FROM: Ryan Griffith, P.E. *RCG*
Director
Division of Construction Procurement

DATE: January 19, 2010

SUBJECT: Wage Rate Determination – Highway Striping Projects

There are several highway striping projects included in the Lettings of January 22, 2010 and February 19, 2010. This is to serve as a reminder of a previous determination by the Labor Cabinet concerning classifications of striping crews on highway projects. The following provides an outline of the determination by the Labor Cabinet to be applied to all highway striping projects with Project Wage Rates:

Lead Driver – whether a signal truck or broom sweeper	Operator - Class B
Paint Truck handling alignment adjustments (Driver)	Operator - Class A
Painter (operating paint controls rear of truck)	Operator - Class A
Driver with Crash Cushion or Signals	Operator - Class B
Supply Truck with Signals	Operator - Class B
Supply Truck without Signals	Trucker Driver or Laborer I
Employees loading or unloading supplies on project	Laborer I

Please be advised that any truck or equipment that requires using controls wither by hand or electronically and requires monitoring by the driver of the equipment or vehicle is considered in the classification of an Operator Engineer.

If you have any questions or need additional information please contact the Division of Construction Procurement at (502) 564-3500.
